

The Majority is WHITE ... So yeah ...

Jan to March 4th A month of my ideas from 2015 reread and reintrepted in the light of current events.

Haughty as any BS Academic ... and twice as full of myself.

So to the reading:

United as One Nation

The keys to stopping political correctness are:
speaking

out against it and encouraging others to rejecting
its

communist inspired egalitarian mamma jamba;

and, a

united majority population; those are the two keys
to

ensuring PC is routed.

We have to awake from our slumber take notice of
the

late hour, and rage against going into the Perverse
Light

of PC!

We must UNITE behind our Majority, Our History,
Our
Families, Our Homes! We Must cease being a mere
trading post country and become a proper united
Nation
with One People, One Culture, One Way of Life, and
One United Majority Voice!
We state and believe:
A culture is the Soul and Mind of a Nation; A
unique
People its living Heart and Blood; A state the
Peoples
body and defense! We have one culture complete!
One
heart which is our people! One body which is our
state.
All of this together makes one nation-- complete
unto
itself; unique and lacking in naught – We are
United as
one nation!

PC's Days are Numbered.
Every single assertion made by Political
Correctness is a
Lie and is in Error. Diversity is a weakness.

Tolerance a
vice. Multicult a shoddy production, not a shining
example for 'humanity'. Equality is a bad joke, that
means 'equal to dirt'.
PC took over our institutions with the intent and
purpose of destroying the majority people's
authority in
Our Own Homelands – and creating of them a
Minority
among many many other minorities, in their own
lands
– so that those elitist and their leftist and right
scallywag
carpetbagger Allies (the clowns with D and R after
their
names those scallywags and carpetbaggers) can
have it
their own way. Thus it is both inherently
opportunists
and subversive. Being perfectly willing, to make
treason
pay big, and to pay big for treason, at turns.
Political correctness has been instituted to: destroy
our
identity; shame Us into accepting own denigration
in
our homelands; to divide and destroy the family; to

'remake' The People into consumerist persons;
break the
People down morally in a thousand subtle ways;
and
divide us meaninglessly endlessly and uselessly
politically.

This all is done to make us weak and ensures that
the
virus of political correctness infects Our body and
Our
very souls unchecked, as Our Pantries, Closest and
Pockets are picked clean!

The keys to stopping political correctness are:
speaking
out against it and encouraging others to rejecting
its
communist inspired egalitarian mamma jamba;

History, Our Families, Our Homes! We Must cease

being a mere trading post country and become a
proper
united Nation with One People, One Culture, One
Way
of Life, and One United Majority Voice!
We must and shall become an united majority
population that is not afraid to say," we Choose
ourselves and reject PC. We reject diversity and
becoming a minority in our own lands! We choose
to
remain, and We shall remain one people in one
land
under one Law, with one way of life, living by the
light
of one culture united as one nation! We have
chosen and
that is the end of the matter! (For Vox Populi vox
dei!)
We state and believe:
A culture is the Soul and Mind of a Nation; A
unique
People its living Heart and Blood; A state the
Peoples

One
heart which is our people; One body which is our

and all of this together makes one nation--
complete

United as one nation!
Once THE (not 'a' but THE) Majority People
United in
defense of their homes, futures and Majority, take
to the
streets, with chants like this in our hearts and on
their
minds: the days of PC numbered.

This ZOG Regime Anglosphere wide
alien and foreign to us the Rightful
Majority – Openly Proclaiming it supports our
becoming a purposeful minority in Own Own Lands!
That's the truth. Now lets get this out of the way: I'm
not here to bash of one party or the other, the blame
spreads equally. Both parties, not unlike the pigs and
the men at the end of animal farm, are playing cards at
the table with each other. Gambling away our futures,
grubbing our money while bowing low to their Masters
on Wall Street and In London! Doing anything but
ruling from DC! Representing anyone but the majority
people! They are responsible to internationalist over
nationalist principles and loyal to foreigners over the

Majority People who are the Real Nation called
'America' and No others!

For us Working and Middle Class majority citizens it is time to face the fact: The program called 'the two party system' is defunct! It (the system both the Dems and GOP) represent: Big Money, PC, Internationalism, Cronyism and Nepotism, NOT Free Exchange, Tradition, Nation, Merit, and Justice. Thus, Anyone who talks about the GOP this or the democrats that, I say please wake up, thank you. They are ALL WWF style actors. In the end the Majority is forgotten and Big-Money and Political Correctness Triumph on the Hill; daily! In a million ways! And the triumph of these two is the implicit victory of internationalist principles over Nationalist principles of governance.

Therefore both of the Parties are, to judge by their actions not words, nothing more than greater or lesser subsidiaries of those two listed 'Real Powers' -- joint stock ventures owned by the elite to maximize profits from us Majority Folks. Between them they have driven the majority, traditional, Western, heartland, citizen in America, to a status of dependence (off shored jobs, farm and home foreclosures, and 'market unrest'), upon a market, an elite, and a government, which is dedicated, to an egalitarian Red Diaper Baby ideology, called "political correctness" which by means of mass

immigration of third world low value added hordes, enforced tolerance(your toleration of PC's pets lowering your quality of life), and diversity(lower paid alien hordes), open proclaims its intent to destroy that majority population's unique identity, flood our lands with alien foreign hordes, debase our culture by eradicating; up end the family; and most insulting of all, force Us all to pay for this 'benefit' while we are called names like racist for not wanting the benefits, we have had foisted upon us!

The reality is, that by the machinations PC and the Money Bags (the two powers behind the American throne we are not suppose to question... 'Equality, Tolerance and Diversity' and the Holy Market.) Control the parties utterly from top to bottom, and almost to the living room level if you factor in the media.

The media and academic allies of this great plot against Civilization, label anyone that speaks out against any of its dogmas as a hater, a racist, a xenophobic racist hate filled Not-See even, but that's all smoke and fluff.

It is exactly identical to a virus telling the healthy cell is the invading, that the cell is hateful for rejecting the virus.

For the healthy cell like a healthy people,a healthy culture, a healthy society wishes to reproduce itself as itself like itself.

PC on the other hand wishes for the western world to produce copies of communist inspired egalitarian third world multicultural cesspits and not of itself proper and orderly. It is thus exactly analogous to a social and ideological virus.

The politically correct will label me a hate filled not-see or whatever they will, but those are merely shaming tactics descended from Freudian psychology --which I reject in total, and so they matter not to me-- this shaming tactic is of course PC strongest weapon against the masses.

It comes the undeniable fact that political correctness is in 100% firm control of academia, the media and more and more the political structure.

These facts being due to the deeper and seldom discussed fact that "political correctness" is in fact an alliance of the left wing communists and the scions of the banking industrialist robber barons of last century. Every single assertion made by Political Correctness is a Lie and is in Error. Diversity is a weakness. Tolerance a vice. Multicult a shoddy production, not a shining example for 'humanity'. Equality is a bad joke, that means 'equal to dirt'.

PC took over our institutions with the intent of purpose of destroying the majority people's authority in Our Own Homelands – and creating of them a Minority

among many many other minorities, in their own lands – so that those elitist and their leftist and right scallywag carpetbagger Allies (the clowns with D and R after their names those scallywags and carpetbaggers) can have it their own way. Political correctness has been instituted to: destroy our identity; shame Us into accepting own denigration in our homelands; to divide and destroy the family; to 'remake' The People into consumerist persons; break the People down morally in a thousand subtle ways and divide us meaninglessly endlessly and uselessly politically. This all is done to in making us weak and ensuring that the virus of political correctness infects Our citizen body and Our very souls, as Our Pantries, Closest and Pockets are picked clean!

The keys to stopping political correctness are: speaking out against it and encouraging others to rejecting its communist inspired egalitarian mamma jamba; and, a united majority population; those are the two keys to ensuring PC is routed.

We have to awake from our slumber take notice of the late hour, and rage against going into the Perverse Light of PC!

We must UNITE behind our Majority, Our History, Our

Families, Our Homes! We must unite around all that we hold dear. And we must speak up to defend that which we Love and Treasure. We must recall what it is to be a Proper People Unitary, Whole Complete and Strong! We Must cease being a mere trading post country and become a proper united Nation with One People, One Culture, One Way of Life, and One United Majority Voice!

We must and shall become a united majority population that is not afraid to say," we Choose ourselves and reject PC. We reject diversity and becoming a minority in our own lands! We reject anyone and anything that tried to bring this result upon US!

We choose to remain one people in one land under one Law, with one way of life, living by the light of one culture united as one nation!

We state and believe:

A culture is the Soul and Mind of a Nation; A unique People its living Heart and Blood; A state the Peoples body and defense! We have one culture complete! One heart which is our people! Once THE (not 'a' but THE) Majority People United in defense of their homes, futures and Majority, take to the streets, with chants like this in our hearts and on their

minds: the days of PC numbered.

We must defend our Identity for from that ALL else about us that is unique, special and noteworthy flows. We must denounce PC for its attempts to weaken that identity as it attempts to subvert our nations under our feet. If the minions of the Enemy call our acts 'hate', or make absurd claims about 'brown shirts', laugh in their face and continue speaking, since this means Folks that you are saying things they want silent! Be Anything but Silent. Be Louder instead, Speak out and say,

” WE reject Mass Immigration, and the rest of the shoddy show that is the Modern PC rainbow 'new' America. We do not feel enriched at all. We are in fact poorer because of PC. It is NOT acceptable. It is not what we wish to leave to our children and heirs. It is not what we received from our ancestors but a doppelganger. We reject the idea that we the majority must sit back like pandas while our lands are overran by hordes from the third world. While our homelands are handed over to others. Our traditions

down trodden. Our Values openly mocked on our own streets. Our young taught to hate and reject their past. Our Men emasculated into eunuchs who have NO will to do their duty in defense of the Folk. This ensures our women, and children are endangered. And as such Our Entire Future is endangered.”

We must Unite as One Nation, based on One People, in One Land, under One Law, One Way of Life, lived by the Lights of One Culture: United as One Nation. United PC is no threat; United We are strong and Our National Popular Will has meaning; United We keep our Land, Law, Culture, Way of Life for Our Children and their children, who will give it to theirs, and so on unto the end. United We Keep all that is near and dear to Our Hearts. United as One Nation!

Reply to GOP PC Way Travelers

Racism, is a BS word used by the ELITE and PC

fanatics (who work as ONE team against the Nations who they are sucking dry and killing off with mass immigration and enforced diversity!) to keep the Majority from Uniting for own group interests! It is the exact same as the Kings Men calling the Colonists 'rebels' and 'a rabble' it is meant to demoralize and demean them in the eyes of the common person. But I seem to recall a certain Rabble banded together and beat the King as We the Majority shall band together and defeat PC and Diversity and keep our lands, laws, way of life! Our Culture, Our Heritage, Our Unique Identity!

The time of the Shaming Words Power is coming to an end; the Time of the United Majority is upon us!

A nation is a home -- would you let illegals invade your home?

A nation is a home. Would it be 'racist' to insist that people only enter your home upon your rules and only stay upon your terms?

Then why should we cower before illegal immigrants just because they say 'racist' at us? It is OUR nation and they have NO right to be here against OUR will, using our nation as a flop house slash charity. So in effect they are calling us racist

for complaining about being their doormat and paying their way.

And to our shame largely we suck this up like cowards.

Repeat after me: *It is not racist to prefer your own kind, your own family, your own ways and your own values over those of invaders trying to force themselves upon you. It is perfectly normal to want to EXCLUDE others from your Homes who do not belong and who cause problems for you and yours.*

And to put to bed the nonsense 'legal - illegal' evasion:

Legal ... Illegal ... Nope it is 100% about One is like the Others and One Does not Belong, because We say so and that is that.

We are full and are not taking new lodgers at this time! It is about Our House, Our Rules, Our Way, or Hit the Highway!

And we don't have to answer to anyone for that because this land is OURS not theirs. This land they are invading is our home. This is OURS:

Period. We don't have to back peddle or explain, or simpler or care about your concerns one little bit.

And that is the long and short of it: It is about WE proper born citizens want our land and we are tired of subversives from inside our own gate trying to

sell it out from under US to the lowest third world bidder. We want OUR land full of OUR people, who will carry on our traditions and ways, not full of low paid labor for Walmart.

We want our land to ourselves, for ourselves by ourselves to give to those like ourselves that will carry on the chain of those like ourselves.

So let us stop being cowards and hiding behind legal and illegal when it is about being over run by a foreign alien horde of barbarians in our own lands, plain and simple. It is about defending our way of life, our lands, and our right to our way of life and lands. It is about US remaining US. We are not a club you get to join by paying immigration fines. We are not a source of profits or growth. We are a living organic People with a destiny, an history and a will to be free from this Multicultural Prison Camp Society.

A bit of general History.

Historically the ONLY people who have been made slaves were either WEAK or made weak. We are being made weak systemically. We are being separated from the land and the skills needed to work it. We are being

driven out of the factory and losing the skills needed to build and maintain those.

That is purposeful and has NOTHING to do with 'markets' as that word is an illusion that merely hides WHO is in control of what!

The very simple outline of 'what to do' starts at first base: Building up the morale of the men; then progresses to building a material base; using that base to build a social base (community of loyal persons); using the social organization to generate CREDIT and create their own capital (farms factories and the like), and from all these lower 'levels' build a stable political system that is based upon service, loyalty, honesty and hard mutual reciprocal labor. Understanding where you want to go versus where you are is key to good understanding, as is having a solid grasp on 'First Principles'.

Thus we stay strong, maintain our lands, find our former values (honestly, hard work, thirft and community spirit) and most importantly keep Our People in our Land, under Our Law, Living One Way of Life by the Light of One Culture, United as One Nation!

One Head Two Arms -- Same Ending.

Two hands, One Head; All hooked to the same Body!

This accurately describes the Single Payer Political System we operate under -- One Money Bag, two sets of Prostitutes (D and R), all paid for and keep going by You John Q Taxpayer.

Folks the American left, and right, are in fact one party owned and operated by and for Wall Street (the Big Money Internationalists who in fact OWN this Slave Camp.)

While we may openly have the appearance of a two party system, the fact that the same big money buys all significant factions that operate in politics, has ensured that we have a De Facto one party system. The people 'choose' nothing and merely SELECT from among candidates chosen for them. No matter which person wins this or that race over all the Moneybags win EVER SINGLE election as they CHOOSE who would be running with their money donations. This is the reality.

This single party system, is internationalist, and has absolutely no loyalty to the common majority American in any way shape or form, having as its stated goal the end of diversifying our nations --diversifying being a euphemism for less majority citizens, and more foreign barbarians, whose sole purpose in the country are to drive down wages, lower standards of living, divide the

majority, dilute and destroy our unique identity, and thereby insurer that we can never vote our way out politically correct serfdom to the one party plutocrat money bag system, which will have destroyed all these things we love.

The one party system will if allowed its way, take our land, destroyed our heritage, break up our homes, and more generally make us homeless serfs, on the continent our fathers conquered.

The one party system, both democrat and republican, promote political correctness and neoliberal economics, the democrats have an emphasis on political correctness and its social values, while the republicans place their emphasis upon neoliberal economics; however, they both to a lesser or greater extent support all political correctness and neoliberal economics .

Neoliberal economics, is crony capitalism by any other name. Those bankers who stole trillions from us some years back, they are the poster children of neoliberal economics.

Political correctness is Marxist communism by any other name. The Reds subversives that teach your children about butt sex and that encourage society to embrace every degeneration known since Sodom and Gomorrah, are exemplars of the red Maoist Soviet

variety of political correctness.

In America, at the top of the pyramid, the international plutocrat moneybags, have decided that political correctness and neoliberalism, are going to be the ponies that pull their chariot to victory over us the people.

The longer you the Majority People validate their decisions by a voting for the candidates which they select and present to you, and then go about pretending that you made a real decision, the longer these two ponies will pull you all, to the destruction of Our unique people, the loss of Our lands, and the end of Our way of life. This is the fact of the matter plain and simple. The very fact is, the moneybags want everyone in the world dependent upon their centrally controlled market, that is the neoliberalism part of the deal; however, they also need everyone divided, and unable to unite against them, and that is the politically correct end of the deal. The moneybags know that the third world peoples are too incompetent to ever organized against them effectively, but since the moneybags are based in the first world, they must divide us by way of mass immigration, else the majority citizens, in the first world, would not long tolerate being these people slaves nor would we care to pay their way. So they have imported voting blocs to outvote the majority first world

people, and created subversive voting blocs it home to subvert the majority people's traditions at home.

Thus using the communist tactic of pressure from within and pressure from without, to ensure the first world people remain their slaves and that they can, remain in control of their neoliberalism political politically correct empire.

All empires require diverse populations, to rule, because no unified nationally minded people are they easily held in bondage, well mixed minority populations with no center of tradition have no means of unifying against tyranny and imperial domination.

The money bags are merely using the old roman trick of dividing conquer, applying neoliberalism and politically correct rhetoric to it, and for the same ends: so that they may rule as they extract wealth from us to their advantage and our general disadvantage .

If they make us a minority among minorities in our own lands, then then we will be their slaves forever, and most likely we will cease to exist in any meaningful way, as they will have degraded and destroyed our unique identity. As such under their boot we will merely be a token people, servile and low. Betrayed and sold into bondage.

The standard response from both the right and left to the sorts of statements by working and middle class people

such as myself, are *racism*, *Klansman NAZI*, and many other insulting 'shaming words' meant to shutdown debate, and ensure that the resolution to all discussions about our future is in the favor of political correctness and neoliberalism, rather than in the favor of the majority population, who again are called racist by these people for asserting their majority rights to national self determination.

Everyone knows this is the standard response, we're not supposed to talk in terms of our country in our land, but only in terms of this country and this land; the implication being that it's not truly OURS but just a land, among many lands that are all equal.

Well to the PC, money bag, golden calf worshipers all lands may be equal, but to me this is my land of birth, not just any land that they get to give away to whomever pays the ticket to ride the ride it is their little country.

This land isn't a club you come here to enjoy or that exists to bring you 'happiness' or any other quality at all.

This land is something one is born into as part of a living people, a living continuation of the national tradition, as part of the historical heritage in a specific home to parents who were born the same way.

That is what 'this land' is to me and many others, quite

a great deal of whom are still afraid to speak out, but They will find their voices as the vice of Neoliberalism and PC starts to squeeze their children's future like a wine-press.

The Moneybags mean to have your land and the Two Party Charade is the Means they intend to use to have It!

Fact.

Truth.

The very fact is is unless you want these golden calf worshiping politically correct raiders to give your land away to third world immigrants in the name of diversity and tolerance, you have no choice but to raise your voice and to say, "***I reject political correctness. I reject mass immigration . I reject being replaced in my own land like replaceable parts. I reject the insane notion that my neighborhoods have been enriched by the diversity which has brought violence crime poverty disease and every other undesirable characteristic in its wake .***

I reject the idea that my people are just the same as every other and have no unique value whatsoever, who moreover should like panda bears just become minorities in our own lands. I reject white guilt. I reject enforced equality affirmative action and so called tolerance which is in fact the majority

happening to tolerate minorities bad actions.

I reject international country club elitists looking down their nose at me while they tell me that I have to give up everything I love for their profits. I reject the caviar socialist who wish to steal everything I love in the name of their fantasy utopia.

And I reject the idea that it is hatred to love my own people, my own land, my own way of life, my own laws and to wish to keep them, just as I reject the insane notion that it's hatred to prefer my own kind, my own country, and my own ways over foreign kinds, countries, and ways .

I reject PC's nonsense shaming words, finding PC to be lacking in moral character, and therefore lacking in any standing, to judge me in any matter whatsoever. "

Until the normal person out there can say, these things and mean them, as well as carry through with the actions necessary, beginning with rejecting the two party phony system, we the majority will remain slaves to political correctness and neoliberalism, and therefore be nothing more than the property of the international money bag class who own the American government. It really comes down to folks do you want to be free, or do you wanna live under political correctness and the rainbow fantasy, while you are bled dry by golden calf

worshiping carpetbaggers?

And a bonus from March 17th St Patricks

Liberal Lies:

Here be Hypocrites!

Liberals are the ultimate hypocrites. They have a time lampooning poor whites for their supposed racism, yet the same time these caviar socialists live work and play as far from the diversity, vibrancy, and enrichment, that tolerance, diversity, and multiculturalism have brought us as they physically can place themselves.

We invite them to move themselves and their family to the poorest most diversity rich area they can find and walk the walk, while checking THEIR privilege. But, they will not as they know in their heart that this claptrap is a lie. They know that all their grandstanding about 'equality' is merely a stool from which to spit down upon others. They know it is all about them looking down the nose. They. Know.

And yet they still will lecture those who are honest about racial differences, as if they themselves do not believe in these differences. They will continue to prance about as if they are some kind of morally superior human to us poor, working, and middle class whites. They will surely miss no chance to denounce us

for being leery of the minorities and their disproportionate amount of criminality, barbarism and savagery. They will continue very much to mock us from their little well to do perch about how we hate these people for taking our jobs.

All of them pretend mightily -- even fooling themselves in some cases -- that they believe these fables about equality being absolute, and every one in every place being the same.

But the acts of these caviar socialists; their choices in places to live; the general society with which they surround themselves and their families; all belie the words which they mouth but which do they do not hold to their hearts. The lectures are nothing more than grandstanding, so that they can act superior to others morally.

Being called to task by us 'cracker people' for their malarkey way of acting really gets them going: Oh they hate us 'racists' for calling them out. (Try it and see Call them out for their Faux Adherence to PC.)

And how they wish they could silence us. But wish, want and will are not the same thing. So accordingly, until what they wish matters We will simply point out that, they choose NOT to live in the rubble of the urban areas where the entire population is 'enriching' and is 100% 'vibrant' in most cases. In point of fact they will

fight to live amongst us evil 'racists' whites in the suburbs and rural areas rather than live in the Urban Enriched Zones.

And what is more they do this by choice. Thus indicating a preference by this choice -- Seems the Left needs to Check its Choices! Seems they need to admit reality: Until then They are as We have already said the ultimate in weakling hypocrites. Too Timid to Tell the Truth, and too Weak to Matter if they did!
